Ntar Pvt. Ltd

UX/UI Designer - Hyderabad, India
Dec 2023 – Jul 2024

- Owned the UX/UI design of **Ntar Bizz**, a fintech platform for SMEs.

- Designed workflows for bill payments, invoicing, expense management, and financial dashboards.

- Simplified complex, multi-step financial processes into intuitive user experiences.

- Built and maintained reusable UI components and design patterns for consistency across platforms.

- Conducted usability testing and iterated designs based on feedback and product requirements.

Aptagrim Pvt. Ltd

UX/UI Designer - Hyderabad, India
Oct 2022 – Nov 2023

- Redesigned a psychometric hiring SaaS platform to improve usability, clarity, and accessibility.

- Worked closely with stakeholders to define user journeys and experience architecture.

- Created and maintained a scalable design system including components and interaction patterns.

- Ensured compliance with WCAG accessibility standards and internal UX guidelines.

- Participated in design reviews and cross-team alignment discussions.

Ander Baher Pvt. Ltd

Product Design Intern - Bengaluru, India
Feb 2022 – Apr 2022

- Assisted in early-stage product design through wireframes, UI design, and prototyping.

- Participated in feedback sessions with senior designers and stakeholders.

Accomplishment

Design Hackathon

Cursor AI - Hamburg, Germany
Jan 2026

- Participated in a hands-on design hackathon focused on AI-assisted product design and rapid problem-solving.

- Collaborated with designers and developers to ideate, prototype, and validate AI-driven product concepts within a limited timeframe.

- Explored practical use of AI tools for research synthesis, UX flows, and interface prototyping.

- Presented design rationale and solution approach to peers and facilitators.

Certifications

Google UX Design Professional Certificate – Coursera
Focus on user research, wireframing, prototyping, and usability testing.

Interaction Design Specialization – Interaction Design Foundation (IxDF)
Covered human-centered design, interaction patterns, and usability principles.

Accessibility for UX Designers – WCAG & Inclusive Design
